Ironton people are now eating ice cream made in St. Louis. De Soto, Farmington and Poplar Bluff—to say nothing of the home-made article.

Considerable courting by people who are old enough to know better seems to be in progress in our usually quiet and staid old town these days.

B. P. Burnham and family returned last Wednesday from a week's visit to Ellington. They made the trip in their car and report a very pleasant time.

Ice Cream Social on courthouse lawn, Thursday evening, June 29th, 5 to 10 o'clock. Ice cream, cake and soda sold by Ironton B.Y. P. U. Come.

John Naef, our tinner, is one of the busiest men in the valley these days. It has been so many years since we've had a good tinner, that nearly everybody needs his services and he is in demand everywhere.

We had some rain Sunday afternoon and evening. There seems to have been more rain round about than there was right here in the valley.

The REGISTER last week gave the score of the ball game at Poplar Bluff June 18th, as: Poplar Bluff, 18; Arcadia Valley 4; it should have been 12, 3.

The Ironton All Stars, colored, played ball with the Graniteville team at Fletcher's field, Ironton, Sunday afternoon. The colored team won by a score of 7 to 1.

A book on rectal diseases will be sent free for the asking if you mention this paper. Ask for it. Address Dr. D. H. Bell, 1128 Central National Bank Building, 7th and Olive streets, St. Louis, Mo.

Nearly every visitor to our town congratulates us on the high-class pictures Manager Shaefer presents to his patrons. We doubt if there is another town of the size in all Southeast Missouri that has as good line of attractions.

Elvins items in Flat River News: "The Elza Hale family who have been making their home here for the past few years, left Monday to move back to Ironton, where they formerly made their home. They have moved to a farm near Ironton."

Sam Harbison and James Thompson had an altercation at Evans mill, on Ottery Fork, west of Bellevue, Tuesday night of last week and Harbison hit Thompson with a rock, seriously injuring him. Latest reports are that Thompson can not recover.

W. W. Strother and wife motored into Ironton last Wednesday evening on their way home from Shidler, Oklahoma, to Coulterville, Illinois. Mr. Strother has been to Oklahoma looking after some property interests in Shidler, which is in the heart of the oil country.

Mrs. Geo. W. Buford, who was taken to the Baptist Sanitarium in St. Louis last Wednesday, was operated upon Thursday. She stood the operation fine and is getting along nicely at this time. Locked bowels were the cause of the operation having to be performed.—Bismarck Gazette.

Big 4th of July celebration on the Methodist Assembly grounds, Arcadia. Interesting addresses by Dr. Chas. W. Tadlock and Hon. Chas. M. Hay. Chicken Dinner served in the large dining hall. Refreshments of all kinds. Come and enjoy the day with us. J. W. McKINNEY.

Mr. E. G. Eastman has returned from a hurried trip to Wyoming and other points in the far West. Among other points he visited was Casper, Wyoming, where our old friend, Alfred Hale, is now living. He says that Casper is surely a live town and money seems to be no object, but for all that the country did not appeal to him.

Recorder Hawkins issued the following marriage licenses the past week:

Louis Uphoff of Advance and Gilla Endeale of Chaffee.

Edward Joseph Larkin, Jr., and Nelly Lally of St. Louis.

Daniel B. Corbett and Florence Hony of St. Louis.

Albert Sikes and Lola Jones of Iron Mountain.

Geo. Gassman spent a few hours in Desloge Monday morning. Mr. Gassman is building the new high school and junior college at Flat River. He is just about to complete a school building at Arkansas City, Kansas, and also has under process of construction a court house at Union, Mo. Mr. Gassman built the new Desloge High School.—Desloge Sun.

Judge Dearing will hold a session of circuit court in Ironton July 15th for the purpose of appointing appraisers in the condemnation proceedings instituted against thirty defendants along the proposed State Highway between Arcadia and Annapolis. Summons have been issued against the defendants to appear and show cause, if any there be, why said appraisers should not be appointed.

Poplar Bluff Republican: "The Arcadia Valley baseball club decided that they could take Poplar Bluff's hand last Sunday and journeyed here for that purpose. The game ended with a score of 12 to 3 in favor of the locals. The Arcadia boys are a bunch of fine fellows but they were unable Sunday to equal the home boys. They succeeded in knocking Engler, the Arcadia Valley ace, out of the box, and Robertson who followed him was very little better."

For Rent—My store and dwelling on Main street. Good stand for Grocery, Restaurant and rooming house. J. A. FRANCIS, Ironton, Mo.

Word was received here Monday that Wm. Rieke, Jr., nephew of Wm. Rieke, of Ironton, had been missing from his boarding house in St. Louis where he had employment. Next day H. L. Rieke received a telephone message from St. Louis stating that the body of the young man had been found in the river at Leeperance street. No particulars. Mr. Rieke went to St. Louis that afternoon to take charge of the remains.

The REGISTER was honored last Wednesday morning by a call from Miss Alice T. Barrett, of Jefferson City, who is touring this part of the state in the interest of John T. White, of Springfield, candidate for the Democratic nomination for Judge of the Supreme Court Division No. 2. Miss Barrett is unquestionably a most entertaining and accomplished woman. But just think. A member of the fair sex traveling over the state on a political mission. How things have changed!

Mrs. Martha Ann Whelehan, relict of the late James Whelehan, died at the home of her son Chas. Whelehan, in Arcadia, Friday, June 16th, 1922, at 8:55 p. m., aged 83 years, 6 months and 7 days, after quite a prolonged illness. The deceased had been a resident of the valley for many, many years and many friends sorrow at her passing. The funeral occurred Sunday from St. Joseph's Chapel and interment was made in the Catholic cemetery, Pilot Knob. May her rest be peaceful.

The return trip Sunday from Desloge was made in rain and thunder storm. The flashes of lightning were incessant and earth reverberated to the shocks of thunder-bolts. Between Iron Mountain and Middlebrook, a tire on one of the cars collapsed and it had to be replaced right now—rain or no rain. While making the transfer of the spare tire, a blinding flash shook the ground and heavily shocked Bobbie Edgar, the mechanic of the car. Luckily he was not seriously injured, and in a few minutes the travelers resumed their homeward way.

It is reported from reliable sources that the Hon. Chas. Sutton of Reynolds, our sister county, is being endorsed strongly for Speaker of the 52nd Assembly. Mr. Sutton, we are told, has the backing of a large number of leading Democrats of the state. He made an enviable record in the 51st and in view of the fact that old Reynolds always remains Democratic we feel that she should be honored by the election of Mr. Sutton as our next Speaker. Mr. Sutton is a brother-in-law of our fellow townsman, Mr. J. M. Hawkins, having married Miss Sallie Hawkins twenty years ago.

Louis Miller, with a force of men, commenced Monday putting in shower baths and sanitary toilets on the Methodist Assembly grounds, Arcadia. The work of laying the pipe from the Miller spring to the reservoir has been completed and the reservoir is now full of water. The proposition is being considered of laying a pipe from the spring to Ironton and supplying our town with water. The reservoir on the Assembly grounds has a capacity of 48,000 gallons; it is said that the reservoir that supplies the city of Farmington has a capacity of but 54,000 gallons. If 54,000 capacity is sufficient for Farmington's needs, 48,000 should be enough for Ironton and Arcadia. The cost of laying the pipe to Ironton, it is stated, would only be \$2,500. It occurs to us that the matter should receive careful consideration by the Ironton authorities. The reservoir on the hill, with the pumping capacity at present available, can be filled in twenty-four hours.

Last Sunday, after a hasty dinner, I, with the other members of the household, weighted down a gas wagon and set out for Desloge, some thirty miles away. There was a ball game between the teams of that town and Poplar Bluff, scheduled for 2:30 p. m. The miles intervening the Valley and the diamond were covered in good time, without mishap or hindrance, and at the hour set for the game we were safely parked along with several hundred vehicles encircling the grounds. The grand stand was filled to capacity and the bleachers were there in great concourse. Promptly at the hour game was called and for two hours the batting contestants matched their skill and strength. From the start the game went against the Bluffites, but they strove manfully to the finish. At the end the score stood 11 to 1 in favor of the hometown. I don't know enough about the Great American Game—I regret to say it—to give any details, or to point out the merits of this player or the errors of that, and so prudently forbear. But everybody said it was a good game, and I preface let it go at that. The weather was hot and sultry, and the sun shone bright until about the time the final inning was played. The skies were overcast with heavy

clouds, and the amphitheatre was quickly cleared of men, women, bleachers and autos. The approaching storm was peculiarly unwelcome to us of the Ake outfit, for we had purposed, after the close of the game, to go on to Franklins to pay a long promised visit to the O'Neals and to bid farewell to Mr. and Mrs. Newberry, about to leave the home folk and depart for their home in the Golden State. Our good wishes go with them; may their journey be pleasant and their future full of life's blessings! The return trip was made through the war of the elements; the rain came down in torrents, the winds blew, and the lightning and thunder gave us lively accompaniment all the way home. No serious mishap befell, but the flashing of Knob Creek put out our engine and it took a little expert maneuvering to pull us through. This experience, with the home almost in sight, re-inforced the truth of the saying that "you mustn't holler until you get out of the woods."
